SECTION I – PURPOSE AND APPLICATION

1. This Guidance lists indicative thresholds for procurement approaches and methods by country.
2. This Guidance applies to Bank staff.

SECTION II – DEFINITIONS AND ACRONYMS

As used in this Guidance, the capitalized terms and acronyms have the meaning set out: (a) in Section II of the [Procurement Policy](#); Section II of the [Procurement Directive](#), and Section II of the [Procurement Procedure](#); or (b) below.

1. **AFR:** Africa Region.
2. **EAP:** East Asia and Pacific Region.
3. **ECA:** Europe and Central Asia Region.
4. **LAC:** Latin America and the Caribbean Region.
5. **MENA:** Middle East and North Africa Region.
6. **RFQ:** Request for Quotations.
7. **SAR:** South Asia Region.

SECTION III – SCOPE

A. OVERVIEW

1. This Guidance lists indicative thresholds for procurement approaches and methods by country. These thresholds are determined on the basis of (i) the size, depth, and conditions of specific markets, and the capacity of the local industry; (ii) assessed level of interest of non-domestic firms and individuals to participate in domestic markets; and (iii) the nature, complexity, and level of risk of some industries.
2. These thresholds complement market analysis carried out for specific IPF operations, - see PPSD Guidance for further information on market analysis - and are expected to be observed, unless the specific market analysis advises the use of different set of thresholds otherwise. Any departure from thresholds set out in this Guidance shall be justified in the PPSD and reflected in the PAD and/or the Procurement Plan, as appropriate.
3. Open competitive procurement is the Bank's preferred procurement approach, whenever possible, to maximize fairness of opportunity to bid, and approaching the international market is appropriate for situations where the participation of foreign firms will increase competition and may enhance the achievement of best value for money and fit for purpose results.
4. These thresholds approved by the CPO at the request from the APMs, observing the ADM framework and procedural instructions set out in Section III.C of the Procurement Procedure.
